HOW A PUZZLE WAS SOLVED.

When you want a certain article, you want the best make of that article, don't you?

But how to determine which make is best is what puzzles you, isn't it?

And when the puzzle is solved for you, by authority which cannot be questioned, you are pleased, aren't you?

And you would like to hear of one puzzle that has been solved for the people of the whole world, wouldn't you?

Well, we will tell you about that very puzzle, and its solution.

At the Universal Exposition of 1889 at Paris, France, the best sewing machines of the world, including those of America, were in competition. They were passed upon by a jury composed of the best foreign mechanical experts, two of whom were the leading sewing machine manufacturers of France.

This jury, after exhaustive examination and tests, adjudged that the Wheeler & Wilson machines were the best of all, and awarded that company the highest prize in the world, the GRAND PRIZE, giving other companies only gold, silver and bronze medals.

The French Government, as a further recognition of superiority, decorated Mr. Nathaniel Wheeler, president of the company, with the Cross of the Legion of Honor, the most prized honor of France.

That is how the puzzle of the best sewing machine in the world was fully solved by the most competent authority in the world in favor of the No. 9 and No. 12 Wheeler & Wilson machines.

The No. 9, for family use, and the No. 12, for manufacturing uses, are the best in the world today.

And now, when you want a sewing machine, if you do not get the best, it will be your own fault.

Ask your sewing machine dealer for the No. 9 Wheeler & Wilson machine, and if he does not keep them, write to us for descriptive catalogue, prices and terms.

Agents wanted in all unoccupied territory.

A FORTUNE

Inherited by few, is pure blood, free from hereditary taint. Catarrh, consumption, rheumatism, Scrofula, and many other maladies born in the blood, can be effectually eradicated only by the use of powerful alteratives. The standard specific for this purpose—the one best known and approved—is Ayer's Sarsaparilla, the compound, concentrated extract of Honduras sarsaparilla, and other powerful alteratives.

"I consider that I have been

SAVED

several hundred dollars' expense, by using Ayer's Sarsaparilla, and would strongly urge all who are troubled with humors to give it a trial. I am sure it will do them permanent good, as it has done me."—Mrs. Joseph Wood, West Plains, N. Y.

Dr. J. W. Shields, of Smithville, Tenn., says: "I regard Ayer's Sarsaparilla as the best blood medicine on earth, and know of many wonderful cures effected by its use."

"For many years I was laid up with Scrofula, no treatment doing me any benefit. At length I was recommended to give Ayer's Sarsaparilla a trial. I did so, and

By Taking

about a dozen bottles, was restored to perfect health—weighing 220 pounds—and am now a believer in the power of Ayer's Sarsaparilla to give it a trial. I am sure it will do them permanent good, as it has done me."—Mrs. Joseph Wood, West Plains, N. Y.

RAILWAY PROPOSITION.

Notice is hereby given of an election to be held by the legal voters of the county of Crow Wing in the State of Minnesota, at the usual places of holding elections in said county, on the

31st Day of May,

A. D. 1892, for the purpose of arriving at a mutual agreement with the Brainerd and Northern Minnesota Railway Company upon a certain proposition of the said Railway company heretofore submitted to the county of Crow Wing on the 17th day of May, A. D. 1892, which proposition is in words and figures as follows to-wit:

The Application of the Brainerd and Northern Minnesota Railway Company to Crow Wing county, Minnesota, for aid for the construction of the railroad to be constructed by said company.

To said county of Crow Wing.

WHEREAS, This company, the Brainerd and Northern Minnesota Railway Company, a corporation organized and existing under and by virtue of the laws of Minnesota, proposes and contemplates the construction, for public use and under the authority vested in it by the laws of this state, of a railroad commencing at the City of Brainerd in said Crow Wing County and running from thence by the most practicable route, to be determined by said company, to a point in or near the South East Quarter of South East Quarter of Section Twenty-nine (29), Township One Hundred and Thirty-five (135), Range Twenty-nine (29), in Cass County in said state, upon or near the Northwestern shore of Gilpatrick Lake, said point being hereinafter referred to as Gilpatrick Station, said line of railroad being hereinafter referred to for convenience as the Southern Division; and it is further proposed to acquire by purchase, lease or otherwise, all rights now held by the Northern Mill Company in a certain railroad now operated by said Northern Mill Company, commencing at said Gilpatrick Station and running thence by a general Northwesterly direction to the present Northernly terminus thereof, not far from the North line of Section Three (3), Township One Hundred and Thirty-five (135), Range Thirty-one (31), in Cass County, hereinafter referred to for convenience as the Northern Division, and to connect said Southern Division and said Northern Division at said Gilpatrick Station so as to make both said Divisions together one continuous line of railroad for public use.

For the purpose of aiding said Railway Company in the construction of said railroad, hereinafter referred to as the Southern Division, said Brainerd and Northern Minnesota Railway Company hereby requests that said County of Crow Wing issue and deliver to said Railway Company, its successors or assigns, at the time and under the conditions hereinafter set forth, the negotiable bonds of said County of Crow Wing, in the aggregate sum of One Hundred Thousand Dollars, each of said bonds to be for the sum of One Thousand Dollars, and to be payable twenty (20) years from the date thereof, with interest at the rate of six (6) per centum per annum, payable semi-annually, which bonds shall conform to the laws of this State and recite upon their face the validity of the proceedings for the issuance thereof.

And the said Brainerd and Northern Minnesota Railroad Company hereby offers and agrees, in consideration of and as a condition precedent to the issue and delivery as herebefore and hereinafter provided of said bonds by the said County of Crow Wing, to build, construct, grade, equip and complete, on or before the 1st day of May, 1893, unless prevented from so doing by legal proceedings or events over which the said Company has no control, said proposed railroad hereinafter referred to as the Southern Division, and have the same ready for the passage of cars and in operation for the transportation of passengers and freight, from the said City of Brainerd to said point hereinafter referred to as Gilpatrick Station, and to compensate said County of Crow Wing for the use of the same, and to execute and deliver to said County of Crow Wing, upon Section Seventeen (17) or Section Eighteen (18), in Township Forty-five (45), Range Thirty (30), in said County of Crow Wing.

And the said Brainerd and Northern Minnesota Railway Company further agrees, in consideration of and as a condition precedent to the issue and delivery of said bonds, as aforesaid, that it will, within the time aforesaid, construct, or cause or procure said line of railroad to be connected at said Gilpatrick Station with the said Northern Division, so as to make one continuous line of railroad of a uniform gauge, from the present Northernly terminus of said Northern Division near the North line of Section Three (3), Township One Hundred and Thirty-five (135), Range Thirty-one (31), in Cass County, to the proposed terminus of the Southern Division, and to execute and deliver to said County of Crow Wing, upon Section Seventeen (17) or Section Eighteen (18), in Township Forty-five (45), Range Thirty (30), in said County of Crow Wing.

And the said Brainerd and Northern Minnesota Railway Company further agrees, in consideration of said bonds, that it will, at the election of said County of Crow Wing, issue to said County such number of the shares of the capital stock of the said Brainerd and Northern Minnesota Railway Company as will, at the par value of such stock, equal the said sum of One Hundred Thousand Dollars.

And the said Brainerd and Northern Minnesota Railway Company agrees that it will not ask, demand or receive any portion of the bonds herebefore mentioned and so desired to be issued by the said County of Crow Wing until the conditions aforesaid shall have been fully performed and completed, as herebefore provided.

It is further agreed, that as soon as this proposition shall have been accepted by the said County of Crow Wing, and the said agreement hereon shall be thereby arrived at and perfected, all of the said One Hundred Thousand Dollars of bonds shall be executed and thereupon delivered to the Minnesota Loan and Trust Company of Minneapolis, Minnesota, in escrow, to be by the said Minnesota Loan and Trust Company delivered to the said Brainerd and Northern Minnesota Railway Company, its successors or assigns, with all the terms and conditions of the foregoing proposition and strictly as therein specified, and that if the proper authorities of said County of Crow Wing, shall, on behalf of said County, elect to receive said stock of said Railway Company, then said stock shall at the same time be likewise delivered to said Minnesota Loan and Trust Company, in escrow, to be by said Company delivered to said County at the same time that said trust company shall so deliver said bonds to said Railway Company, its successors or assigns.

And the said Brainerd and Northern Minnesota Railway Company shall notify said Minnesota Loan and Trust Company that said Railroad has been completed in accordance with the terms of this proposition, thereupon said Minnesota Loan and Trust Company shall be authorized to appoint and shall appoint an Engineer who shall examine said road, and when said engineer shall certify to said Minnesota Loan and Trust Company that said Road is completed, in accordance with the terms of this proposition, its successors or assigns, shall be authorized to deliver to said Brainerd and Northern Minnesota Railway Company, its successors or assigns, all the bonds of said County of Crow Wing, shall, on behalf of said County, elect to receive said stock of said Railway Company, then said stock shall at the same time be likewise delivered to said Minnesota Loan and Trust Company, in escrow, to be by said Company delivered to said County at the same time that said trust company shall so deliver said bonds to said Railway Company, its successors or assigns.

The G. A. R. will attend memorial service at the Catholic church Sunday evening at 7:30. Rev. D. W. Lynch will deliver the memorial sermon. All are invited.

It should be thoroughly understood that while the mantle of charity has been graciously thrown over the record of J. N. True and we willingly refrain from publishing the same for the present, that the record in a safe place where it will not spoil should occasion require that it be resurrected, but that we think will hardly be necessary after what has happened, unless the man is entirely bereft of reason.

There are men, and we are thankful that they are few, who at the beginning and up to a few days ago endeavored to carry water on both shoulders on the bond question in this city. Whether it was through political fear or for private reasons that the two men, who were the only knickers of any prominence, controlled the actions of these so-called moulders of public opinion we do not know, but it is safe to assert that the lesson has been as severe as it has instructive to them.

Suicide of Mrs. J. J. Frost.

The community was shocked on Wednesday morning to learn that Mrs. J. J. Frost had taken her own life the night previous. Mr. and Mrs. Frost lived on their farm at Gilbert Lake, a mile from the city, and were very comfortably situated, their home being an elegant new brick residence which had only been completed last season, and to all outward appearances their life was a happy one. Mr. Frost had business interests in Fargo and on that fatal night he left home immediately after supper to take the 8:25 train for that city to be absent for some days. He had scarcely left the house before his wife called the hired man and directed him to go over town and have Mrs. Kelehan come immediately as she was feeling ill. The man went to the barn and hitched up the team and as he came by the house from the barn he saw the lady through the door and noticed she had disrobed and was in her night clothes, she calling to him to hurry and if the train had not gone to bring Mr. Frost back alone. The man was frightened and drove like the wind going direct to Mr. Kelehan's residence and delivering the message. Mrs. Kelehan immediately started and being alarmed she left a call for Dr. Camp to come immediately to the home of Mrs. Frost. Before they reached the place they could hear moans, and on arriving they found the lady in the agonies of death from a dose of carbolic acid which she had taken, but beyond all human aid.

Before retiring to her death-bed Mrs. Frost poured the deadly drug out in a tablespoon, took the bottle and after carefully covering it with a napkin threw it in the closet, and laying her clothing in a convenient place she took her position in the bed, and with her husband's picture in her arms she administered the deadly drug which immediately took effect. She was unconscious when her friends arrived but did not die until about 12 o'clock. No word or note of any description was left to indicate why the rash deed was committed. Mr. Frost was reached by telegraph and returned on Wednesday night. Mr. P. Potvin, of Minneapolis, Mrs. Frost's father, arrived in the city Wednesday evening to attend the funeral which takes place this afternoon at 2 o'clock from the Baptist church.

The deceased had a large circle of friends who were grieved to learn of the terrible circumstance and in fact the entire community was shocked over the sad and unfortunate affair.

Death of Mrs. Speers.

Mrs. Melinda Speers, wife of Rev. Archibald Speers, Sunday School Missionary, of this city, died suddenly at West Superior on Tuesday, May 24th, 1892. The news of her death caused a pang of sorrow in the hearts of many friends in this city where she was highly esteemed by all who knew her. The remains were brought to Brainerd for interment, the funeral taking place yesterday afternoon from the Methodist church.

THE DEAD HEROES.

Exercises Will Be Held on Monday to Perpetuate Their Memory.

Monday, May 30, is the Nation's day, the day set apart by the congress of these great United States in which to keep in grateful memory our nation's dead and to honor the brave heroes who fell in defense of their flag. It is the day set apart for all patriotic citizens who love their country and honor its defenders who now rest beneath the sod. The near approach of this memorial day should remind all loyal citizens of the duty they owe to the men who saved the country and those who have died and joined the silent majority. This day belongs as distinctively to the people as any national holiday set apart to perpetuate notable events, and the idea that it is for the especial benefit of the Grand Army of the Republic or the old soldiers is wrong, and it is the people, rich and poor, high and low, who should be foremost in its observance. The public naturally look to the grand army posts to take the initiative steps in arranging details, not with the assumption that the members of these organizations throughout the country were the only ones concerned, but by general consent the leadership has been assigned to the survivors of the late war in these matters, the day on which every loyal citizen of America mourns the loss of the men who gave their lives up in its defense. Accordingly Pap Thomas Post, G. A. R., and the committee have arranged the following programme:

1. Music by Third Regiment Band.
2. Opening remarks by H. C. Stevens, chairman.
3. Prayer by Rev. W. M. Wright, chaplain.
4. Song, Germania Maennerchor.
5. Song by School Children.
6. Music by the Band.
7. Oration by Rev. W. H. Ware, speaker of the day.
8. Song by School Children.
9. Benediction by Chaplain.
10. Music by the Band while the column is forming preparatory to march to place of forming, on Sixth street, where column will disband.

The column will form for marching on Sixth street at 2 o'clock sharp, in the following order:
Marshal and Aids.
Platoon of Police.
City Mayor and Council in Carriages.
Post Relief Corps in Carriages.
Third Regiment Band.
Post Firing Party.
Pap Thomas Post.

After which will come the public schools and the different societies and organizations in the regular order of seniority of organization.

The column will form on Sixth street with head resting on Laurel street, and will march west on Laurel to Fifth, north on Fifth to Front, east on Front to Eighth, north on Eighth to Kingwood, west on Kingwood to Sixth, north on Sixth to the Park.

Everybody is earnestly requested to attend. Let all old soldiers fall in with the Post, whether they belong to the G. A. R. or not, and they will be very welcome.

Opposition to Maj. Ruffe.

It was learned at the interior department to-day that W. L. Bassett, who is here seeking the release of about 20,000,000 feet of logs on the Chippewa Indian reservation, has taken action to put in some work against Charles Ruffe for Indian agent at White Earth. It seems that Bassett's father was one of the agents up in that country some years ago when Ruffe was also an agent, and young Bassett has told somebody in the department that Ruffe would not be just the kind of man to appoint—Washington Telegram.

The opposition comes from the fact that Bassett is now in controversy with the government over timber trespass. It seems that the Bassetts secured a privilege and made contracts for cutting dead-and-down lumber in the Leach Lake reservation, and during the winter got together several million feet, and the report has been circulated in Washington that the young man had cut a great deal of live timber also, and it is to explain the case that they are in Washington now. Maj. J. B. Bassett said that all the lumber was cut under the direction of the government's special agents, and in accordance with the contracts, but Mr. Ruffe thinks that these men oppose him from the fact that they are afraid his administration of affairs would not be favorable to them.

The "Humamphine" at the Y. M. C. A.

The next entertainment at the Y. M. C. A. will consist of readings, recitations and songs, and Mr. Wood, the secretary, will introduce his "Humamphine" for the first time since he has been in Brainerd. It will be unique and funny. Don't fail to be present and see the "Humamphine," on Tuesday evening, May 31st at 8 o'clock.

Auction Sale.

An auction sale of the personal property, household goods and wearing apparel of Della Grace, deceased will be held at the corner of Front and 7th streets on Tuesday afternoon, May 31, 1892, to the highest bidder for cash.

They Are Coming.

For Saturday evening Manager Alexander has provided an excellent entertainment at the opera house, of which the Eau Claire Free Press says:

The famous Original Georgians, jubilee and refined specialty company, showed last evening to a large and appreciative audience. If the patronage had been gauged by the quality of the performance, the company would have played to standing room only, as they did recently in Rochester and Faribault, Minn., also to a crowded house last Sunday evening at the Metropolitan opera house, St. Paul, which is one of the finest theatres in the United States. Basil Robinson, claimed by the management to be the funniest of funny comedians, is a first-class performer, and held the audience with him throughout the evening. Miss Susie Jackson has a very sweet voice, and sang the "Old Folks at Home" in such a pleasing manner that she received a number of encores. The house should be packed to-night.

ABSOLUTELY PURE

A Letter From Ex-Gov. Pillsbury.

MINNEAPOLIS, Minn., May 29, '92. Judge Holland, Brainerd, Minn.

DEAR SIR: I have just learned that a rumor is going about Brainerd to the effect that our firm is opposing the removal of the Gull River Lumber Company's plant, now owned by the Northern Mill Co., to Brainerd, as proposed. I wish to say that this is all a mistake. We have not only consented to the removal of the Gull River mill and plant to Brainerd, but are greatly in favor of having this removal made, in case the Northern Mill Co. so desire. I am glad to say further that the Northern Mill Co. is abundantly able to carry out this removal, in my opinion, which they may make with the people of Brainerd.

Very respectfully,
J. S. PILLSBURY.

Not Quite Correct.

The Little Falls Herald says: We learn that on Sunday last the Brainerd Journal published an extra in which was a article roasting Attorney True to a tune because he was working against the scheme of bonding Crow Wing county for \$100,000 to induce manufacturers to locate in that city. It showed up his past record; which it is said is not an enviable one. Mr. True was to stump Crow Wing county this week against the bond proposition, and we are told by Brainerd parties that he can not hire a horse at any of the livery stables, or get shaved at any of the barber shops. If the measure is defeated he will probably have to leave Brainerd.

Before Starting on a Journey

A person usually desires to gain some information as to the most desirable route to take, and to purchase tickets via the one that will afford him the quickest and best service. Before starting on a trip to Chicago or any point East, you should provide yourself with a map and time table of the Wisconsin Central lines. The trains run on this route are vestibuled and are equipped with Pullman's latest drawing room sleepers, elegant day coaches and dining cars of latest design, built expressly for this service, and are exquisite in furnishings and convenient and comfortable in arrangement and so complete in every detail that they have no superior in comfort and elegance. The dining car service is pronounced by all the most elegant ever inaugurated, and is operated in the interest of its patrons.

Fast trains via the Wisconsin Central lines leave Minneapolis daily at 12:45 p. m. and 6:25 p. m., and St. Paul at 1:30 p. m. and 7:15 p. m., making favorable connection with all trains from the west and southwest.

For tickets, time tables, berth reservations, etc., apply to G. F. McNeill, G. P. & T. A., Minneapolis, Minn., or to Jas. C. Pond, General Passenger and Ticket Agent, Chicago, Ill.

They Are Coming.

For Saturday evening Manager Alexander has provided an excellent entertainment at the opera house, of which the Eau Claire Free Press says:

The famous Original Georgians, jubilee and refined specialty company, showed last evening to a large and appreciative audience. If the patrons who had been gagged by the quality of the performance, the company would have played to standing room only, as they did recently in Rochester and Fairbault, Minn., also to a crowded house last Sunday evening at the Metropolitan opera house, St. Paul, which is one of the finest theatres in the United States. Bazel Robinson, claimed by the management to be the funniest of funny comedians, is a first-class performer, and held the audience with him throughout the evening. Miss Susie Jackson has a very sweet voice, and sang the "Old Folks at Home" in such a pleasing manner that she received a number of encores. The house should be packed to-night.

A Letter From Ex-Gov. Pillsbury.

MINNEAPOLIS, Minn., May 20, '92. Judge Holland, Brainerd, Minn.

DEAR SIR: I have just learned that a rumor is going about Brainerd to the effect that our firm is opposing the removal of the Gull River Lumber Company's plant, now owned by the Northern Mill Co., to Brainerd, as proposed. I wish to say that this is all a mistake. We have not only consented to the removal of the Gull River mill and plant to Brainerd, but are greatly in favor of having this removal made, in case the Northern Mill Co. so desire. I am glad to say further that the Northern Mill Co. is abundantly able to carry out any agreement, in my opinion, which they may make with the people of Brainerd.

Very respectfully, J. S. PILLSBURY.

Not Quite Correct.

The Little Falls Herald says:

We learn that on Sunday last the Brainerd Journal published an extra in which was an article stating that Attorney True to a turn because he was working against the scheme of bonding Crow Wing county for \$100,000 to induce manufacturers to locate in that city. It showed up his past record; which it is said is not an enviable one. Mr. True was to stump Crow Wing county this week against the bond proposition, and we are told by Brainerd parties that he can not hire a horse at any of the livery stables; or get shaved at any of the barber shops. If the measure is defeated he will probably have to leave Brainerd.

Before Starting on a Journey.

A person usually desires to gain some information as to the most desirable route to take, and will purchase tickets via the one that will afford him the quickest and best service. Before starting on a trip to Chicago or any point East, you should provide yourself with a map and time table of the Wisconsin Central lines. The trains run on this route are vestibuled and are equipped with Pullman's latest drawing room sleepers, elegant day coaches and dining cars of latest design, built expressly for this service, and are exquisite in furnishings and convenient and comfortable in every detail that they have no superior in comfort and elegance. The dining car service is pronounced by all the most elegant ever inaugurated, and is operated in the interest of its patrons.

Fast trains via the Wisconsin Central lines leave Minneapolis daily at 12:45 p. m. and 6:25 p. m., and St. Paul at 1:30 p. m. and 7:15 p. m., making favorable connection with all trains from the west and southwest.

For tickets, time tables, berth reservations, etc., apply to G. F. McNeill, G. P. & T. A., Minneapolis, Minn., or to Jas. C. Pond, General Passenger and Ticket Agent, Chicago, Ill.

Jubilee Singers.

The Famous Original Georgians, who appear at the North East Opera House, Saturday night, come to us well recommended and should at the prices they are playing to, (25, 35 and 50c) merit the house, as they did the Lyceum Theater, in Minneapolis. "Uncle Las" Robinson, the world's greatest soloist and end man, formerly with Calumet Minstrels, during their long season throughout Europe and the United States, is with this noted company, also Prof. A. L. Tait, the champion waltz and back dancer, of America, who will show you 115 steps in 20 minutes. Prof. C. W. Kelly, the great banjo and guitar soloist and end man, Jack Oliver the Darktown orator in his celebrated stump speech, "Expulsion," Chas. H. Miller (Uncle Pompey), the basso soloist, Marie Tait, formerly of the Canada Jubilee Singers, Susie Jackson, formerly of New Orleans Jubilee Singers, and Louise Carmen. This is without doubt one of the strongest colored attractions on the road.—Marshall Times.

At the Opera House in Brainerd on Saturday evening, May 28th. Prices, 25, 35 and 50 cents.

The United States through a mile take in the survey, has lost to Mexico a strip of land a mile wide. Let's have another war; it will only cost a billion or two.

REDAVIA KUBIK, who has been rejected by the Players Club, Mr. Kipling will now salt down for further use a few festive opinions of the gentlemen who gave him the cold shoulder.

THERE are only 300,000 commercial travelers in the United States, but those who regard this as a small force for so busy a country must remember that one commercial traveler can be made to go a long way.

MISS NANCY CORNELIUS, an Indian, has just completed a full course in the Hartford Training School for Nurses, and received her diploma. She is the first of her race to prepare herself for such services by scientific training.

The English commercial car has been scored another victim. If the women of England could have their way the railways of that country would be equipped with American coaches in short order.

THERE is a growing feeling in some sections in favor of capital punishment for the wretches guilty of flagrant assaults on women. Some of the high bloods in England would make salutary examples.

It is not only New York and Boston ghettos but St. Augustine hotels who have returned with the germs of typhoid fever in their systems. A Philadelphia physician says that nearly a score of society people in the Quaker City have been similarly affected.

RINGS on the thumb are said to be coming into fashion. It is earnestly hoped however, that the women explorers of Africa will not introduce the same sort of ornamentation for the nose on their return to civilization.

Six French bishops have been deprived of their stipends. This measure is without precedent, and is said to be the beginning of dismemberment. If the policy of subjugating the church succeeds, the French government will remove offending bishops from their sees.

PATTI broke a record of crowded houses while in Philadelphia by singing to some empty seats in the Academy of Music. This may not indicate any decrease in the diva's drawing power, but like the first gray hair that comes or the early wrinkle it is full of suggestions.

THERE is a good deal of sound sense in Secretary Foster's opinion that it is all sheer nonsense to talk about overwork killing so many public men. It's not the overwork that tells on them. It's the men who want to teach them how to run their departments who break them down.

EASTERN colleges are complaining of a dearth of good material of which to make heads of their institutions, and are speaking regretfully of a western tendency to "gobble up" such scraps as may be tempted by large salaries. The idea of contracting this tendency by paying well for brains themselves will occur to them in due time.

ARAB PASHA, lately great in the politics of Egypt and later banished to Ceylon, has accepted a small salary to become nominal superintendent of an Englishman's tea garden on that island. Arabi is no great shakes as an agriculturist, but that brand of tea will have a great sale in Egypt and bring him much profit to the owner of the plantation.

The Supreme Court of Massachusetts has decided that payment cannot be enforced for a bill for intoxicating liquors sold and delivered in Boston but intended to be resold in Maine, because the seller of the liquor not only knew that it was to be resold, but he facilitated the disposition of the goods in a State where their sale is prohibited.

A DISTINGUISHED French medical savant, M. L. Landouzy of the decrease of population in France, says that tuberculosis of itself does more for the depopulation of the country than alcoholism, syphilis and Malthusianism put together. Some two thousand babies annually in Paris succumb to tuberculosis.

MR. C. P. HUNTINGTON announces that the Southern Pacific railroad is to be taken out of California politics and devoted to the carrying of freight and passengers. Talk about statesmen out of a job! If this idea is carried out there is a tremendous gang of people out on the coast who will be compelled to work—yes, actually work—for a living.

This death of Senator Isaac Marcoantonio in Rome a few days ago is moves one of the last survivors of the leaders of the revolt of Venice against Austrian rule in 1849. With Manin, Coseni and Sampieri, he became exceedingly troublesome to Austria, and a man of great financial ability, and declined several invitations to accept the portfolio of finance at Rome. He was 70 years old.

A MILLION of yards of German cashmere were lately imported into this country in a single consignment. The manufacturer before shipping, boiled them, thereby causing them to shrink 12 to 15 per cent. They were then taken to a Rhode Island dye house, and after being colored, were stretched to their original dimensions, Uncle Sam caught on to the transaction, however.

They were two sturdy, thick-set men, and they boarded a Broadway car from opposite sides at Battery place.

Each carried a number of odd looking bundles, and as they dropped into adjoining seats they shook hands enthusiastically.

"Hello Jim," said the first, "where are you bound for?"

"Satin roquet," sighed the second, "Potts' Panacea." "I'm going to get it up along the main railroad lines down in Virginia. What are you doing?"

"Bound North. Going to do fence work for Tootle's Balm through the Hudson river towns."

"Ah, you're racketing it easy." "You haven't. I've worked through Virginia, and I know what it is. Got your gun?"

It should be thoroughly understood that while the mantle of charity has been graciously thrown over the record of J. N. True and we willingly refrain from publishing the same for the present, that the record is in a safe place where it will not spoil should occasion require that it be resurrected, but that we think will hardly be necessary after what has happened, unless the man is entirely bereft of reason.

There are men, and we are thankful that they are few, who at the beginning and up to a few days ago endeavored to carry water on both shoulders on the bond question in this city. Whether it was through political fear or for private reasons that the two men, who were the only kickers of any prominence, controlled the actions of these so-called moulders of public opinion we do not know, but it is safe to assert that the lesson has been as severe as it has instructive to them.

Suicide of Mrs. J. J. Frost.

The community was shocked on Wednesday morning to learn that Mrs. J. J. Frost had taken her own life the night previous. Mr. and Mrs. Frost lived on their farm at Gilbert Lake, a mile from the city, and were very comfortably situated, their home being an elegant new brick residence which had only been completed last season, and to all outward appearances their life was a happy one. Mr. Frost had business interests in Fargo and on that fatal night he left home immediately after supper to take the 8:25 train for that city to be absent for some days. He had scarcely left the house before his wife called the hired man and directed him to go over town and have Mrs. Kelehan come immediately as she was feeling ill. The man went to the barn and hitched up the team and as he came by the house from the barn he saw the lady through the door and noticed she had disrobed and was in her night-clothes, she calling to him to hurry and if the train had not gone to bring Mr. Frost back also. The man was frightened and drove like the wind going direct to Mr. Kelehan's residence and delivering the message. Mrs. Kelehan immediately started and being alarmed she left a call for Dr. Camp to come immediately to the home of Mrs. Frost. Before they reached the place they could hear moans, and on arriving they found the lady in the agonies of death from a dose of carbolic acid which she had taken, but beyond all human aid. Before retiring to her death-bed Mrs. Frost poured the deadly drug out in a table spoon, taking the bottle and after carefully covering it with a napkin threw it in the closet, and laying her clothing in a convenient place she took her position in the bed, and with her husband's picture in her arms she administered the deadly drug which immediately took effect. She was unconscious when her friends arrived but did not die until about 12 o'clock. No word or note of any description was left to indicate why the rash deed was committed. Mr. Frost was reached by telegraph and returned on Wednesday night. Mr. P. Potvin, of Minneapolis, Mrs. Frost's father, arrived in the city Wednesday evening to attend the funeral which takes place this afternoon at 2 o'clock from the Baptist church.

The deceased had a large circle of friends who were grieved to learn of the terrible circumstance and in fact the entire community was shocked over the sad and unfortunate affair.

Death of Mrs. Speers.

Mrs. Melinda Speers, wife of Rev. Archibald Speers, Sunday School Missionary, of this city, died suddenly at West Superior on Tuesday, May 24th, 1892. The remains were brought to Brainerd for interment, the funeral taking place yesterday afternoon from the Methodist church.

THE DEAD HEROES.

Exercises Will Be Held on Monday to Perpetuate Their Memory.

Monday, May 30, is the Nation's day, the day set apart by the congress of these great United States in which to keep in grateful memory our nation's dead and to honor the brave heroes who fell in defense of their flag. It is the day set apart for all patriotic citizens who love their country and honor its defenders who now rest beneath the sod. The near approach of this memorial day should remind all loyal citizens of the duty they owe to the men who saved the country and those who have died and joined the silent majority. This day belongs as distinctively to the people as any national holiday set apart to perpetuate notable events, and the idea that it is for the especial benefit of the Grand Army of the Republic or the old soldiers is wrong, and it is the people, rich and poor, high and low, who should be foremost in its observance. The public naturally look to the grand army posts to take the initiative steps in arranging details, not with the assumption that the members of these organizations throughout the country were the only ones concerned, but by general consent the leadership has been assigned to the survivors of the late war in these matters, the day on which every loyal citizen of America mourns the loss of the men who gave their lives up in its defense. Accordingly Paul Thomas Post, G. A. R., and the committee have arranged the following programme:

1. Music by Third Regiment Band.
2. Opening remarks by H. C. Stevens, chairman.
3. Prayer by Rev. W. M. Wright, chaplain.
4. Song, Germania Maennerchor.
5. Song by School Children.
6. Music by the Band.
7. Oration by Rev. W. H. Ware, speaker of the day.
8. Song by School Children.
9. Benediction by Chaplain.
10. Music by the Band while the column is forming preparatory to march to place of forming, on Sixth street, where column will disband.

The column will form for marching on Sixth street at 2 o'clock sharp, in the following order:

Marshal and Aids.
Platoon of Police.
City Mayor and Council in Carriages.
Post Relief Corps in Carriages.
Third Regiment Band.
Post Firing Party.
Pap Thomas Post.

After which will come the public schools and the different societies and organizations in the regular order of seniority of organization.

The column will form on Sixth street with head resting on Laurel street, and will march west on Laurel to Fifth, north on Fifth to Front, east on Front to Eighth, north on Eighth to Kingwood, west on Kingwood to Sixth, north on Sixth to the Park.

Everybody is earnestly requested to attend. Let all old soldiers fall in with the Post, whether they belong to the G. A. R. or not, and they will be very welcome.

Opposition to Maj. Ruffee.

It was learned at the interior department to-day that W. L. Bassett, who is here seeking the release of about 20,000,000 feet of logs on the Chippewa Indian reservation, has taken action to put in some work against Charles Ruffee for Indian agent at White Earth. It seems that Bassett's father was one of the agents up in that country some years ago when Ruffee was also an agent, and young Bassett has told somebody in the department that Ruffee would not be just the kind of man to appoint—Washington Telegram.

The opposition comes from the fact that Bassett is now in controversy with the government over timber trespass. It seems that the Bassetts secured a privilege and made contracts for cutting dead-and-down lumber in the Leach Lake reservation, and during the winter got together several million feet, and the report has been circulated in Washington that the young man had cut a great deal of live timber also, and it is to explain the case that they are in Washington now. Maj. J. B. Bassett said that all the lumber was cut under the direction of the government's special agents, and in accordance with the contracts, but Mr. Ruffee thinks that these men oppose him from the fact that they are afraid his administration of affairs would not be favorable to them.

The "Humanaphine" at the Y. M. C. A.

The next entertainment at the Y. M. C. A. will consist of readings, recitations and songs, and Mr. Wood, the secretary, will introduce his "Humanaphine" for the first time since he has been in Brainerd. It will be unique and funny. Don't fail to be present and see the "Humanaphine" on Tuesday evening, May 31st at 8 o'clock.

Auction Sale.

An auction sale of the personal property, household goods and wearing apparel of Delia Garner, deceased will be held at the corner of Front and 7th streets on Tuesday afternoon, May 31, 1892, to the highest bidder for cash.

They Are Coming.

For Saturday evening Manager Alexander has provided an excellent entertainment at the opera house, of which the Eau Claire Free Press says:

The famous Original Georgians, showed last evening to a large and appreciative audience. If the patronage had been played to standing room only, as did recently in Rochester and Faribault, Minn., also to a crowded house last Sunday evening at the Metropolitan opera house, St. Paul, which is one of the finest theatres in the United States. Bazel Robinson, claimed by the management to be the funniest of funny comedians, in first-class performer, and held the audience with him throughout the evening. Miss Susie Jackson sang a very sweet voice, and sang the "Old Folks at Home" in such a pleasing manner that she received a number of encores. The house should be packed to-night.

A Letter From Ex-Gov. Pillsbury.

MINNEAPOLIS, Minn., May 20, '92. Judge Holland, Brainerd, Minn.

DEAR SIR: I have just learned that a rumor is going about Brainerd to the effect that our firm is opposing the removal of the Gull River Lumber Company's mill, now owned by the Northern Mill Co., to Brainerd, in favor of having this removal made in east the Northern Mill Co. so desire. I am glad to say further that the Northern Mill Co. is abundantly able to carry out any agreement, in my opinion, which they may make with the people of Brainerd.

Very respectfully,
J. S. PILLSBURY.

Not Quite Correct.

The Little Falls Herald says: We learn that on Sunday last the Brainerd Journal published an extra in which was an article roasting Attorney True, but a turn became made in working against the scheme of bonding Crow Wing county this week against the bond proposition, and we are told by Brainerd parties that he can not hire a horse at any of the livery stables, or get shaved at any of the barber shops. If the measure is defeated he will probably have to leave Brainerd.

For tickets, time tables, berth reservations, etc., apply to G. F. McNeill, G. P. & T. A., Minneapolis, Minn., or to Jas. C. Pond, General Passenger and Ticket Agent, Chicago, Ill.

Jubilee Singers.

The Famous Original Georgians, who appear at the Koth & Best Opera House, Saturday night, come to us well recommended and should at the prices they are playing for, (25, 35 and 50c.) pack the house, as they did the Lyceum Theater, in Minneapolis. "Uncle Ben" Robinson, the world's greatest bone soloist and end man, formerly with Calender's minstrels, during their long season throughout Europe and the United States, is with this noted company, also Prof. A. L. Tutt, the champion ring and buck dancer, of America, who will show us 115 steps in 20 minutes. Prof. C. W. Kelly, the man, Jack Oliver the Purkinton orator in his celebrated stump speech, "Ex-pulsion," Chas. H. Miller (Uncle Pompey), the basso soloist, Marie Wright, formerly of the Canada Jubilee Singers, Susie Jackson, formerly of New Orleans Jubilee Singers, and Louise Carman. This is without a doubt the strongest colored attraction on the road—Marshall Times.
